Objectives

As a General Dentist I am committed to myself and my patients in updating myself in the technological advancements and changes in the field of dentistry by attending conferences ,Seminars, challenging myself to the next level in providing a Hi-tech and Pain free service to all my patients as the mission statement of my Dental practice for years to come.

Employment History

September 1999– present: Dentist, Private Practice

Atlantic Dental Healthcare, PA, Old Bridge, NJ, United States

Currently in private practice since 1999 providing Dental services to the community in all phases of clinical Dentistry. Our Practice has a Hi tech and pain free philosophy which are most pertinent to all our patients. I keep myself updated with the fast paced world of clinical dentistry by taking multiple seminars, conferences and hands on courses to keep up with the rapid changes in the dental materials, equipment and Dental technology. Currently attained the Fellowship status (FAGD) at the Academy of General Dentistry and am pursuing my next goal for the Mastership level : MAGD.

July 1994– September 1999: Dentist Associate

Philadelphia Dental Center, Philadelphia, PA, United States

Served as a General dentist in all phases of General Dentistry in clinical practice. Was able to utilize my clinical expertise which I learnt as Dental resident into the practice of clinical dentistry in a private Practice setting.

July 1992– July 1993: Dental Resident - GPR

Mt.Sinai Hospital, New York City, NY, United States

During my tenure as a GPR resident, I had excellent exposure in the field of clinical Dentistry via hands on approach and Decision making in evaluating and treating cases. During the residency we were exposed to a 3 months rotation in the O.R. in the department of Anesthesiology where I have seen and worked with many cases of medical surgical procedures including open heart surgery, kidney transplants to name a few. I had the opportunity to intubate and monitor patients before, during and post-op care in the recovery room at the hospital. During my residency we had to present cases to the attending and other residents pertaining to the current in house patients while on call.

Education

July 1992 New York University College of Dentistry, New York City, United States, NY

Qualification: Doctor of Dental Surgery (DDS Degree)

June 1988 – Bachelor of Dental Surgery,Chidambaram, India, Tamil Nadu

Qualification: Bachelor of Dental Surgery (BDS Degree)

June 1984 St.Joseph;s College, Tiruchirapalli, India, Tamil Nadu

Qualification B.Sc Botany , Gold Medalist.

Interpersonal Skills

In our field of dentistry, we meet people everyday, communicate and Share information. We communicate to patients by direct interaction, telephone,e-mail, text etc. The current generation Y is well versed with the social media networks such as facebook, twitter,linkedin, you tube, yelp etc. Our office has a website to serve our patients 24/7. Patients can contact us via e-mail, text and we give the opportunity to keep all our patients connected with the state of the art technological advances in our fast paced world of communication. We are also using Automated patient appointment confirmation , auto bill pay etc via text and e-mail. I have an Open mind and open to discussion on all topics of nature, physics, astronomy, etc. I have great Respect for others and accept constructive criticism. Looking for a great learning experience, networking, sharing knowledge & experiences, meeting new people, visiting new places and countries, interested in learning and mingling with different cultures and traditions.
